**Resurfacing of the Car Park**

This meeting was to discuss the resurfacing of the car park.

PM received a quote for £8k to have the car park resurfaced with 60mm crushed stone (compacted hard core).

FG queried VAT. The quote shows it @ 15%, which will increase to 17.5% in January. No planning permission is required and no water rate issues.

It was agreed to have a contractor come in about twice a year to spray the new surface to keep weeds down.

JM suggested we lay bark down for the garden to help with weeds.

FG thanked PM for getting the quote. It was agreed to go ahead with the 8k quote.

AF to get permission from the diocese to get a cheque for £8k.

FG asked PM to liaise with the company to go ahead.

JM to look into having bark for the surrounding areas.

AF to look into getting a contractor for weed killing.
